

## MEMBERSHIP FORM

Membership in the Oldman Watershed Council is inclusive, participatory, and active and is open to any interested individual or organization living or working within the Oldman Basin. Your membership will need to be renewed on an annual basis. Membership is categorized as follows:

- **Individual Public Members**
- **Organizational Members**
  - Municipal Government
  - Provincial Government
  - Federal Government
  - Academia
  - Industry
  - Irrigators
  - Producer Organizations
  - Health Sector
  - First Nations
  - Environmental Not-For-Profit Organizations
- **Mailing List only**

Currently, there is no membership fee although a voluntary contribution is appreciated.

Name: \_\_\_\_\_ Membership Type:  Organizational  
 Organization (if applicable): \_\_\_\_\_  Individual  
 Address: \_\_\_\_\_  
 City/Town: \_\_\_\_\_ Postal Code: \_\_\_\_\_  
 Phone: \_\_\_\_\_ Fax: \_\_\_\_\_  
 E-mail: \_\_\_\_\_

I \_\_\_\_\_, agree with the Goals of the Oldman Watershed Council on the attached page. The Council has an obligation to conduct its business in an effective and efficient manner. This cannot occur in the absence of member participation. Members must clearly recognize and understand that the expectation is that they will take an active role in Council operations (e.g. project support, communications, fundraising, administration).

## MISSION

---

To maintain and improve the Oldman River Watershed through partnerships, knowledge and the implementation and integration of sustainable water management and land use practices.

## GOALS

---

The Oldman Watershed Council will integrate its activities through knowledge, research, partnerships and education as they relate to water management, water quality, and land-use practices in the following key areas.

1. Provide responsible information and input into water management planning activities that reflects the needs of all partners and residents in the Oldman River Watershed.
2. Increase awareness and understanding of the Old man River Watershed among residents and stakeholders and encourage commitment and responsibility for water quality and water use.
3. Refine and expand knowledge of water-related conditions and processes throughout the Oldman River Watershed.
4. Promote sustainable land use practices that protect the watershed.
5. Reduce contaminants, such as microbes, nutrients and pesticides, entering surface water and groundwater in the Oldman River Watershed.
